With kind support from:

KSM
KUNSTSTOFFE

USB DÜSEN[®]

On Wednesday, 15.11. and Thursday, 16.11.2023 we are presenting everything "All About Water" together with the companies USB, falch, Müller and KSM.

From 9.30 am onwards, a varied programme of demonstrations and stimulating conversations will be awaiting you on both days.

The following demonstrations are planned:

- IBAK ultra high pressure cleaning of sewers in collaboration with the falch TrailerJet 2500 (to cut concrete and roots) with an IBAK MainLite System and the MicroGator GT
- USB nozzle demonstrations all about the subject of cleaning large diameter pipes and manholes
- Presentation of the combined TV and cleaning vehicle IBAK TITAN and the Müller cleaning vehicle for large diameter pipes from the KSM company

We look forward to seeing you!

Please register via our registration portal.
